IST 106C : IT Career Topics

A series of presentations and panel discussions lead by alumni, HR representatives and other industry leaders in the field on important topics in IT specifically regarding careers in IT. The goal of this course is to expose students to a variety of career types that incorporate IT. Students will have a better understanding of what IT career and IT programs they would like to pursue. This course also gives students a chance to get to know one another within the IT programs. Incorporated into this course are also brief assignments that help students plan their college work, learn how to interact with their professors, and learn how to start a resume. The in-person section in the fall semester also includes a field trip; students choose a business they would like to visit in the area.

Credits 1
Lab/Practicum/Clinical Hours 0
