

# RADT294C : Radiographic Clinical Procedures IV

Students will be required to rotate through a second clinical affiliate for the purpose of learning other procedures, protocols, and technology. All students enrolled in this course will be charged a \$500 per semester clinical surcharge.

**Credits** 4

**Lab/Practicum/Clinical Hours** 16

**Lecture Hours** 0

**Prerequisites**

*Students are required to pass prerequisite courses with a grade of C or higher. Exceptions apply; please consult your department chair.*

RADT203C

**Corequisite Courses**

RADT123C

**Learning Outcomes**

- Build upon comprehensive and didactic knowledge of concepts needed to produce quality radiographs.
- Display awareness of and sensitivity to diverse population of peers, hospital staff, and medical personnel.
- Display organization of work; seen with the ability to coordinate positions in sequence for proper protocol, utilize equipment fluently, and maintain and organized clinical binder.
- Understand and communicate hospital protocol through performance of exams, processing of images, documenting of information in radiology information systems and other pertinent information by demonstrating sound reasoning and logic independently.
