

# PEM 161C : Integration Lab I

Formative, scenario-driven course designed to develop team leadership skills and clinical decision-making. Emphasis will be placed on paramedic assessment skills, and treatment aims/outcomes. Students will draw from the knowledge and interventions learned in Cardiology, Medical Emergencies, and Physical Assessment. Any failure in PEM 117C, PEM 150C, or PEM 142C will trigger a failure in this lab course, which includes the practical portion of the above listed courses.

**Credits** 2

**Lab/Practicum/Clinical Hours** 4

**Lecture Hours** 0

**Co-Requisite Courses**

PEM 117C

PEM 142C

PEM 150C

**Learning Outcomes**

- Demonstrate history taking and physical exam techniques.
- Demonstrate the techniques of cardiac monitoring and cardiac rhythm identification.
- Demonstrate assessment, formulation of field diagnosis, and management of various traumatic conditions.
- Demonstrate an appropriate affect when interacting with faculty, staff, peers, and simulated patients.
- Demonstrate mastery of knowledge as required by the National EMS Educational Standards.
